02 March, 2021

*Dear Shri Kumar*

India and Japan signed a Memorandum of Cooperation (MOC) on a Basic Framework for partnership for employment opportunities in Japan for "Specified Skilled Worker" (SSW), on 18 January 2021. Soon thereafter, the first meeting of the India-Japan Joint Working Group (JWG) on Specified Skilled Workers was held virtually, on 8 February 2021, which stressed early implementation of the MOC.

2. The MOC covers 14 categories of specified skills under which skilled workers from India would be eligible for employment in Japan including interalia healthcare, construction, agriculture. Japan would grant these workers the status of a Specified Skilled Worker following a qualifying Japanese language test and work skill test.

3. In 2018, Japan projected 3,50,000 vacancies across the 14 sectors for five years (until 2023); demand is expected to continue.

4. To be eligible for the SSW category, an interested Indian national has to qualify in a Japanese language test and work skill test as prescribed by the Japanese organizations. A detailed note on the SSW scheme is enclosed. This has information on the Special Skills included in the MOC and details of the content of the examination, reference material for Japanese language tests and work skill tests.

5. It is requested that you may share the information with relevant stakeholders in your State, provide publicity to the scheme, and train people for the mutually agreed sectoral skills. The list of training institutions currently available in the State may be shared with us. I believe the States of the North East would have an advantage in Japan.

6. We would like to work closely with your State to operationalise this scheme. The contact point in the Ministry for all matters pertaining to the MOC is Shri Abbagani Ramu, JS (OIA-1), Phone No. - 011-26874240, Email:- jsoia1@mea.gov.in.

*Warm regards*

Yours sincerely,

Dear Sir,

I am writing in continuation to the letter from Secretary (CPV & OIA) dated 02<sup>nd</sup> March 2021, regarding the Specified Skilled Worker initiative from Japan (copy enclosed).

2. In coordination with all the stake holders, we are persuading Japanese authorities to go ahead with conducting skill evaluation tests and Japanese language qualification tests. As informed in the previous communication qualifying these tests are the basic eligibility criteria for seeking employment opportunities under SSW framework.
3. In this context would request your assistance in making some informed estimates regarding prospective candidates who may appear in the SSW exams in the short term to a long-term scenario. An indicative format for the data sought for next three years is enclosed.
4. We look forward to your cooperation in implementing the SSW framework in India.

*With kind regards*

Yours sincerely,

(Abbagani Ramu)
